

MOHAMMAD SAMIR

Full Stack Developer (React.js | Next.js | Node.js | Firebase)

Phone: 8910468443 | Email: mdsamir13968@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#) | [Certification](#)

PROFESSIONAL SUMMARY

Full Stack Developer with 2+ years of experience designing and building scalable, responsive web applications using React.js, Next.js, TypeScript, Node.js, and Firebase. Proven track record of independently delivering matrimonial platforms, e-commerce systems, hotel booking platforms, and admin dashboards from concept to deployment. Skilled in REST API design, real-time database integration Firestore, and modern UI development with Tailwind CSS, Material UI, and ShadCN. Seeking to leverage strong full-stack expertise to drive product growth in a forward-thinking organization.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6), TypeScript, HTML5, CSS3, React.js, Next.js, React Native (Expo), Redux, Zustand

Backend & Database: Node.js, Express.js, Firebase, MongoDB, SQL, RESTful APIs, JWT Authentication

UI & Styling: Tailwind CSS, Material UI, Bootstrap, ShadCN

Tools & Platforms: Git, GitHub, Postman, Google Cloud, Firebase Hosting, Excel

WORK EXPERIENCE

Full Stack Developer — [Jodisure](#), Kolkata

May 2024 – Present

- Independently developed the Jodisure matrimonial platform end-to-end using Next.js, TypeScript, Tailwind CSS, and Firebase, owning all frontend and backend functionality.
- Built a recommendation system enabling users to send, accept, or decline friend/connection requests.
- Designed and implemented an Admin Dashboard (React.js, Node.js, Firebase) for managing user details and generating biodata, deployed on Google Cloud and Firebase.
- Maintained, debugged, and enhanced production websites to ensure consistent uptime and smooth performance.

[WeddingStays](#)

- Built a luxury wedding-stay booking platform using React.js, Tailwind CSS, Firebase, and Firestore, enabling hotel availability checks, room bookings, and email/SMS notifications.
- Developed an admin panel for hotel uploads and booking management.
- Integrated Firebase for contact forms and real-time data handling, and built a dynamic hospitality comparison module.
- Optimized performance and deployed the platform via Firebase Hosting.

[Rivayatt](#)

- Developed a privacy-focused matchmaking website using React.js, Tailwind CSS, and Firebase.
- Built interactive comparison and pricing modules with dynamic UI rendering.
- Delivered a fully responsive, mobile-optimized interface following modern UI/UX principles with a clean, reusable component architecture.

[Connection Intelligence](#)

- Built a mutual-contacts mobile app and website (Expo React Native, Tailwind CSS, Firebase) and companion web dashboard, allowing users to sync contacts, create networking groups, and send/accept connection requests.
- Developed an Admin Dashboard (React.js, Tailwind CSS) to identify mutual contacts and shared connections across group members.

[Xchangehub](#) & [Durapot](#)

- Built two full-featured e-commerce platforms (React.js, Redux, Tailwind CSS, Firebase) with separate buyer, seller, and admin dashboards for product and order management.
- Implemented category browsing, featured products, recently-viewed tracking, and a personalized

'request product' feature.

Frontend Developer — Freelance

March 2023 – April 2024

- Developed a responsive in-stock inventory website using React.js, Redux, TypeScript, and Material UI.
- Collaborated with cross-functional teams to design and implement interactive features.
- Identified and resolved frontend performance issues, improving page load speed.
- Built backend services and RESTful APIs for a 3-role (User, Driver, Agent) rental application using Yii2 and SQL, including an admin dashboard for managing users and rentals.

Software Development Intern — Academy of Skill Development

Nov 2021 – Jan 2022

- Built an online code compiler using React.js and Node.js, integrating the JDoodle API to support execution of multiple programming languages.

EDUCATION

B.Tech in Computer Science Engineering

Aug 2018 – Jun 2022

Kolkata Pailan College of Management and Technology – CGPA: 8.59
